

Floodlight ECO | 30W | 120° | Warm White 3000K

Article number: 146-306

There was a growing need from the market for a 'low entry' Floodlight. Our answer presented itself in the form of the "Tronix ECO Floodlight series".

In other words, a price-accessible series of professional Floodlights that is not inferior to the upper models in price-quality ratio.

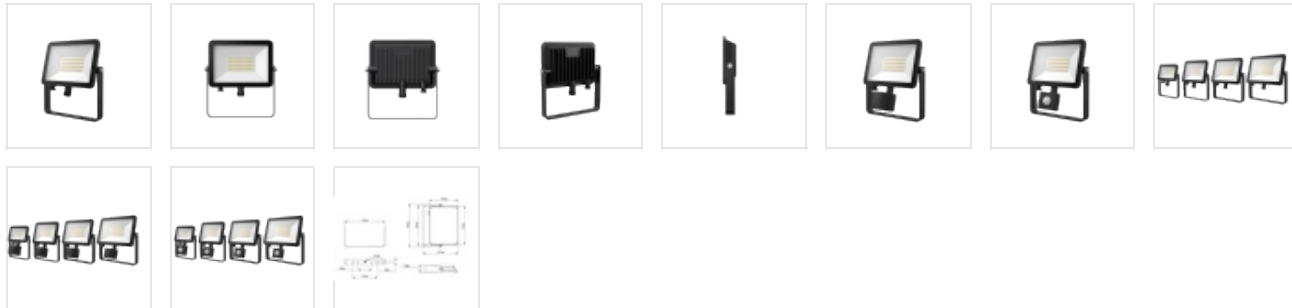

Features

- 3x1.0 H05RN-F power cable with shuko plug. Very flexible and strong rubber cable
- The Overvoltage Protection protects the luminaire against peak voltages
- Optional motion or day/night sensor via Plug & Play cable gland
- IP65
- 3 year warranty

Suitable for billboard lighting, accent lighting, parking lot lighting or for illuminating other areas.

Specifications
